

# **THE REGISTRATION FORM IS NOW AVAILABLE.**

Department of Mathematics and Statistics

## **Mathematics Placement Test (MPT)**

All students entering Memorial University who are intending to take a mathematics course should write the Mathematics Placement Test. In addition, prospective NURSING STUDENTS, will be required to have a pass (50% or more) on the MPT to qualify for a second-year Pharmacology course. Nursing candidates who do not achieve at least 50% will be required to complete MATH 102N in their first year of studies at MUN.

Newville  
Placentia

Port aux Basques  
Port Hope Simpson  
Port Saunders  
Rocky Harbour  
St. Anthony  
St. John's  
Springdale  
Stephenville  
Trepassey  
Wesleyville

### **Important Information**

The registration form is available from April 19 to May 17, 2010. Because the division of Distance Education and Learning Technologies must have time to forward test materials to invigilators, students must have registered by the deadline to be assured a seat at the site of their choice.

To register go to [www.mun.ca/math](http://www.mun.ca/math), then select "MATHEMATICS PLACEMENT TEST (MPT)" from the main menu. There, you will find "June MPT Registration" in the second paragraph on "Registration".

Complete the form and submit. Be sure to include your e-mail address so that we can contact you in late May or early June with updates that include the specific location of your MPT. Please put the address [mpt@mun.ca](mailto:mpt@mun.ca) in your e-mail address book. If you do not, the notification could be shunted to your "junk" directory.

A link to a synopsis of the MPT is available on the page where you find the link to the registration form.

The MPT is scheduled for 10:00 a.m. on the first Saturday in June.

If you have any questions, please contact Harold Johnson at (709) 737-8914 or [hjohnson@mun.ca](mailto:hjohnson@mun.ca).
